### SUMMER READING

“Children who don't read over the summer experience summer learning loss. That's right -- kids don't just feel like they've forgotten some of what they've learned -- they actually do forget

it.” (Department of Public Instruction) Here at CMS we are encouraging current FCSC students in grades 6-8 to read this summer. You can find details at <http://cmstech.wixsite.com/summerreading2> Students have already been given reading logs and been informed about our joint effort with the public library. 75 CMS students have signed up and received library cards. From May 22th – June 20th the Fayette County Public Library is offering a rare opportunity for an “Amnesty Program” where fines that are 7 years old and older will be forgiven. Fees and other fines can be “paid off” through items donated to local food banks. Stop by the library to obtain all the details about these 2 special opportunities. These programs will allow many to once again visit our great public library and **READ this summer.**
